Pralay Bajkhan

Kolkata, West Bengal, India

pralaybajkhan116@gmail.com | +91-8670508885 | LinkedIn | GitHub | Portfolio

Professional Summary

Computer Science & Engineering graduate specializing in Artificial Intelligence & Machine Learning, with internship experience in Machine Learning and Data Analytics. Proficient in Python, SQL, Excel, Pandas, NumPy, and Scikit-learn, with hands-on experience in data preprocessing, exploratory data analysis, statistical analysis, predictive modeling, NLP, and demand forecasting. Experienced in developing practical AI/ML and analytics applications using machine learning and Generative AI techniques.

Education

B.Tech in Computer Science & Engineering (AI & ML) | Brainware University | CGPA: 8.87/10 | 2026
Higher Secondary (WBCHSE) | KSCMHS | Percentage: 89.04% | 2022
Higher Secondary (WBBSE) | KSCMHS | Percentage: 76.14% | 2020

Work Experience

Machine Learning Intern | Saiket Systems | Remote **July 2026 – Aug 2026**

- Prepared structured datasets for machine learning workflows using Python, Pandas, and NumPy, covering data cleaning, preprocessing, EDA, statistical analysis, and feature preparation.
- Applied machine learning techniques to structured datasets and developed visualizations to examine dataset patterns, evaluate results, and communicate analytical findings.

Data Analytics Intern | Zidio Development | Remote **Aug 2026 – Nov 2026**

- Worked with Python, Pandas, and SQL for data cleaning, preprocessing, manipulation, and exploratory analysis to identify trends, relationships, and actionable insights.
- Developed data visualizations and analytical outputs while applying systematic data transformation and validation practices to support data-driven decision-making.

Projects

Fake News Detection Using NLP | GitHub | Live Demo
Python | Scikit-learn | Pandas | NumPy | Streamlit

- Built an NLP-based binary text classification application using Logistic Regression and Scikit-learn to detect fake news.
- Implemented text preprocessing with tokenization, lowercasing, stopword removal, and TF-IDF feature extraction.

AI Career Copilot | GitHub | Live Demo
Python | Machine Learning | NLP | Generative AI | Streamlit

- Developed an AI-powered career guidance application that analyzes student profiles, skills, resumes, and career goals for personalized recommendations.
- Integrated AI/ML workflows for career insights, skill-gap analysis, interview preparation, and personalized learning guidance.

FORESIGHT | GitHub | Live Demo
Python | Machine Learning | Forecasting | Data Analytics | FastAPI

- Developed a demand forecasting application to analyze historical data and predict future demand trends.
- Applied data preprocessing, feature engineering, and predictive modeling to generate data-driven demand insights.

Technical Skills

- Programming Languages: Python, SQL, C, HTML, CSS
- Data Analytics: Exploratory Data Analysis (EDA), Data Cleaning, Data Preprocessing, Statistical Analysis, Data Mining, Data Visualization
- Libraries: Scikit-learn, TensorFlow, PyTorch, NumPy, Pandas, Matplotlib, Seaborn, FastAPI
- Tools & Platforms: Git, GitHub, Google Colab, VS Code, Jupyter Notebook, Streamlit, Microsoft Excel
- Concepts: Predictive Modeling, Feature Engineering, Model Evaluation, Data Modeling, NLP, LLM

Certifications

- Oracle Cloud Infrastructure AI Foundations Associate – Oracle Certified (2025)
- Google Cloud Gen AI APAC Edition 2026 – Cohort 1 Hackathon (Mar – May 2026)
- SkillUp Hackathon 2026 – Top 3 Teams, Regional Finale (IBM SkillBuild)
- Introduction to Artificial Intelligence and Machine Learning Using Python – Coursera (July 2026)
- Deloitte Australia – Data Analytics & Solution Architecture Virtual Experience Program — Forage

Workshops & Training

- 45-Hour Industrial Training: AI, ML & Deep Learning – (EdGate Technology | A Partner of Intel® Unnati)
- AWS User Group Kolkata – Serverless Architecture & Cloud Applications
- NIELIT Kolkata – Blockchain, Big Data & Data Science Workshop

Languages

English – Professional Proficiency | Bengali – Native Proficiency | Hindi – Conversational Proficiency
